

Bdl 800  
SP211661

- NOTES
- (1) Finish surface levels and all contours have been copied from LCU Engineers Drawings RO8B003 C02-C04 Rev B.
  - (2) Designations thus **xxx** show spot fill heights. Between spot fill heights boundaries and bedlines are evenly graded. Fill heights elsewhere are evidenced by the natural surface contours and finished surface contours.
  - (3) The Reference Point is a known point on the cadastre from which the metres and dilometrics are referenced. It is Station 44 on the registered plan SP211661.
